Dynacare closing Laboratory and Health Services Centre at **7330 Goreway Dr., Mississauga, ON**

As you are aware, there are significant and increasing pressures on Ontario's healthcare system. The effect of our aging population and ongoing fiscal constraints require that all providers review their delivery of service with a sharpened focus on improving quality of care while maximizing cost effectiveness and sustainability.

Accordingly, we at Dynacare must continually evaluate our operations to ensure alignment with this Ontario-wide directive. We have conducted a recent review of our Laboratory and Health Services Centres in Ontario with a focus on patient access.

As a result, we will be closing our Laboratory and Health Services Centre at **7330 Goreway Dr., Mississauga** effective Friday, February 19th, 2016

The nearest alternate Dynacare Laboratory and Health Services Centres are located at:

100 Humber College Blvd., Toronto (5 km E)
1525 Albion Rd., Toronto (6.8 km E)

A complete list of our locations including hours of operations can be found at dynacare.ca.

As always, we are committed to best serve our customers and partners, to ensure we provide the highest value to our healthcare system. Should you have any additional questions, please contact Customer Care at **800.565.5721**.
