### Product Change - Stool Culture Collection

Dynacare has changed the Carey-Blair stool culture collection bottles from Bio-Media to the FecalSwab™ from Copan. Samples collected in the Carey-Blair stool collection bottle will **continue to be accepted for testing**. Instructions for stool culture collection to the FecalSwab™ are included with each kit and are also available on [Dynacare.ca](https://www.dynacare.ca).

For more information and support regarding the change please contact Customer Care at 800.565.5721 x 5752.

#### Current:

Bio-Media Carey-Blair Stool Culture

#### New:

Copan FecalSwab™

#### NOTE:

**There is no change to how this test is ordered on the Ministry of Health Laboratory requisition.**

**There is no change to testing for Ova and Parasites.**
