Important Update: Dynacare Manitoba Services resuming September 9

Attention: Healthcare providers who refer patients to Dynacare Laboratory and Health Services Centres (LHSCs) in Manitoba

We would like to inform you that effective Wednesday, September 9, 2026, Dynacare's Manitoba operations are expected to return to normal service levels, subject to standard operational requirements. All LHSC locations and laboratory operations are expected to resume regular activities and patient services.

We sincerely thank all healthcare providers, patients, clients, and partners for their patience and support during this period. As services resume, our teams will focus on restoring normal operations as quickly as possible while continuing to provide safe, high-quality care and testing services to the community.
